BUILD YOUR PLAN OF ACTION FOR 2010 TRANSPARENCY AND CLARITY KEYS TO BUSINESS GROWTH

The Bank of Canada predicts the Canadian economy will rebound by 2010. To seize maximum advantage from the inevitable recovery, every Canadian business needs a plan to improve efficiency and accelerate growth. Many of Canada's best-run businesses have already taken the Bank's cue, laying the framework from growth today.

Success in 2010 will go to strategic companies that gather the solutions needed to see, think and act more clearly – both within your company and across your business network.

To facilitate business clarity, SAP has created a one-day event designed to educate you about the strategies and solutions that can drive new opportunities and capture competitive advantage.

At the Symposium you will meet with SAP experts, technology partners and customers who know your industry and understand your challenges.

You will also hear informative presentations, including customer panels, "hot topic" workshops and a **special keynote presentation from CBC's Dragons' Den Judge and BNN's Squeeze Play Co-host, Kevin O'Leary.**

The **SAP Canada Symposium** is your opportunity to network with your business peers and to learn new ideas, new approaches and proven best practices for driving success. This event is designed to help you 'See your Way Clear' and drive your success in 2010.
